Aspero Idrottsgymnasium

06/2017

Work Experience

Grocery Store Worker

05/2025 - Current

ICA Söder | Helsingborg

- Operated cash register and processed customer transactions efficiently. Stocked shelves and organized in the store area.

Software Engineer - Intern(LIA)

01/2025 - 05/2025

Effectsoft | Halmstad

- Contributed to high-profile client project (Confect) focused on system documentation and data flow visualization.
- Developed UI components in Blazor Server using Blazorise library for mapping visualizations across business systems.
- Employed modern architecture based on ABP.IO framework for .NET, enhancing project scalability.
- Executed ongoing bug fixes and frontend adjustments, including filtering logic implementation in existing modules.
- Integrated fully within agile team, participating in daily stand-ups and managing tasks via Jira.
- Utilized Bitbucket for version control, ensuring streamlined collaboration among team members.

Warehouse Worker

07/2020 - 08/2023

Swea Rör & Stål AB | Halmstad

- Worked as a machine operator and also managed unloading and loading of the material with a forklift.

Grocery Store Worker

06/2017 - 07/2020

Gekås Ullared AB | Ullared

- Worked on the floor where I handled unpacking goods in the store and always kept it neat and tidy. A strong focus on customer service.

Factory Worker

06/2016 - 08/2016

Västkustfilé / Maenor | Varberg

- Managed fish packaging operations at Varberg fish factory, overseeing unloading of fish deliveries and resolving equipment issues.
